J. W. VOHIS, regular Democratic nominee for Sheriff of Gila county. Election, Tuesday, November 3, 1896.

For District Attorney.
I hereby announce myself as an independent candidate for the office of District Attorney of Gila county.
PETER T. ROBERTSON.

LOCAL NEWS.

BORN—October 8th, to the wife of Hugh Conahan, a son.

BORN—October 19th, to the wife of Frank Bauer, a son.

Jake Spitz representing Son Bros., of San Francisco is among recent arrivals.

E. J. Edwards returned on Wednesday from a visit to the Gila valley, Graham county.

I. E. Solomon, the well known merchant and land owner of Solomonville, arrived on Tuesday, to remain a few days.

Mrs. M. C. Haverly and daughters, Misses Hope and Addie, arrived in Globe last week, to make their home here.

The committee escorting Mark Smith arrived, the four horse team decorated with flags and bunting. Buckley O'Neill will not reach Globe for a day or two.

Owing to the large amount of election printing and other work in our job department, we are late with this issue of the SILVER BELT, and many items are crowded out.

David Heron, People's party candidate for sheriff, returned on Sunday from a canvass of the northern precincts. He is gratified with the reception and promise of support given him.

Mr. and Mrs. Wm. M. Williams request us to express their appreciation and heartfelt thanks to the friends who extended to them timely assistance and sympathy in their recent bereavement.

Mr. and Mrs. Jas. H. Pascoe desire to thank all those persons whose timely assistance prevented the spread of the fire and destruction of their property yesterday morning.

Gus Heyman, representing the G. Cohn Co., and S. P. Bartley, traveling for J. A. Folger & Co., San Francisco firms, arrived on Wednesday. Both gentlemen are well known and popular in business circles here.

Sam Nesbitt, brother of Charlie Nesbitt, came over from Geronimo on Tuesday. He is an enthusiastic Mark Smith man, and is confident that Graham county will go Democratic by a good majority.

The death of Mr. and Mrs. Harry Zeehogner's youngest daughter, which occurred last Sunday morning, from diphtheria was a severe blow to the parents, and is deeply deplored by their friends, who owing to the nature of the disease were unable to render them assistance, and assurance of sympathy in their sorrow.

E. H. Cook, superintendent of the United Globe Mines, accompanied by his two younger children, returned on Wednesday, from his last visit to Tennessee. Carrie, the eldest daughter, was left in Tucson to resume her studies. The bereaved family have the sympathy of their many friends.

Rev. Lowell L. Rogers, appointed to the pastorate of St. Paul's M. E. Church, arrived from Los Angeles last Saturday, and held services on Sunday, morning and evening. The reverend gentleman is a fluent speaker, and created a very favorable impression. He has been on the Pacific coast for the past twenty-five years, during which time he has been president of the Napa, California, college, Ashland, Oregon, college, and pastor of several prominent churches.

T. E. Gabal, formerly superintendent of the Atlantic & Pacific railroad, was a visitor to Globe on Tuesday. Mr. Gabal is now engaged in making transportation contracts, and while non-committal as to the business that brought him to Globe, it is believed he has some enterprise in connection with this district in view. He was very favorably impressed with Globe and is of the opinion that the camp has a great future.

Alonzo Bailey and **Col. Lee Crandall** went to San Carlos yesterday to meet Hon. M. A. Smith, and Hon. W. O. O'Neill, who are expected to address the people of Globe to-night on the political issues of the campaign. There appears to be some doubt whether Mr. O'Neill will arrive, as he was not a passenger on the stage which left Geronimo last night. The intention was to hold an open air meeting, at the band stand, but the storm will probably interfere. This is unfortunate as Globe has no hall large enough to accommodate the many who are anxious to hear the speakers.

Edward Boyce, of Idaho, president of the Western Federation of Miners, arrived last Sunday. Several meetings of miners and others employed by the Mining companies, have since been held, and the Globe Miner's Union, No. 60, organized with a present membership of 190. Almost 100 others have paid their initiation fees and will be initiated between now and Saturday evening. The Globe Union is the first in Arizona, we believe, organized under the Western Federation.

Mr. and Mrs. Wm. M. Williams, met with a sad loss on Monday by the death of their second daughter, Sarah Elizabeth, from membranous croup. Sadie, as she was fondly called at home, was the idol of her parents and a child of remarkable beauty and of lovable disposition. An allwise Providence has called her from a world of sorrow and suffering to a home with Him, eternal in the heavens. The funeral took place Tuesday forenoon from the family residence, Rev. L. L. Rogers conducted the service, which was both appropriate and impressive. Many sorrowing friends of the family were present, and members of Globe Lodge No. 15, A. O. U. W. attended in a body and marched to the cemetery where the ceremony was concluded, with many evidences of regret and sympathy among those assembled at the grave.

ALMOST A CONFLAGRATION.

Fire was discovered by Florence Seannell and Jim Lawhead, shortly before 5 o'clock yesterday morning, in the adobe building between the Pascoe restaurant and Pacific bakery. When the door was broken open a dense volume of smoke poured forth and fire was seen in several places between the bales of hay, stored in the room. A force of men was soon engaged in removing the smoldering bales, and a hose was stretched across the street from Sam Kee's store and his force pump did good service in bringing a stream of water to play inside the building. The removal of the hay was slow work, owing to the dense smoke, and an hour after the discovery of the fire, when it was supposed to be under control, it gained farther headway and was checked with great difficulty. All the business property at the lower end of Broadway was in imminent danger. There was about 40 tons of hay, belonging to the Sultan Mercantile Co., stored in the building, about half of which was badly damaged by fire and water. Had it not been for energetic work of volunteer workers, probably half the business part of Globe would now be in ashes.

A PLEASANT OCCASION.

The Globe Commercial Club gave a house warming at their club house, last Saturday evening, invitations being sent to members of the club and their ladies. The occasion proved one of the most enjoyable social gatherings had in Globe in many months. There was no set programme, cards and other games, vocal and instrumental music affording ample entertainment. The concerted vocal music was excellent, rendered by Prof. Thos. C. Nance, W. W. Brookner, Mrs. Jas. F. Patton, Mrs. A. W. Newton, Mrs. Lord and Mrs. J. H. Hamill. Refreshments were served in abundance, and to complete an enjoyable and successful entertainment a dance was given in the new Gym building, and participated in by many of the guests.

IN GOOD FORM.

Points Pertaining to Physical Perfection.
Why not be in good form? Not in the conventional sense of doing the right thing in the right way, but in the physical sense. It is not merely a matter of habit and training, but a matter of physical development. Unless there is actual physical deformity any intelligent person may cultivate such a bearing, walk and carriage as shall make every movement graceful. There is beauty of form and bearing as well as of feature and of countenance, and certainly the beauty of figure and movement is not less important than the other. Besides, as has been very recently said, "an erect bodily attitude is of greater importance to health than many persons imagine. Crooked positions, maintained for any length of time, are always injurious, whether in a sitting, standing, or lying position, whether sleeping or waking. To sit with the body leaning forward on the stomach or to one side, with the heels elevated, or to lean back, so that the neck is not only bent, but very detrimental to good health. It cramps the stomach, presses the vital organs, interrupts free motion of the chest, and enfeebls the functions of various organs, and, in fact, unbalances the entire muscular system. Many persons are made round shouldered or humped by sleeping upon very high pillows. When anyone finds it much easier to sit, stand or sleep in a crooked position instead of a straight one, rest assured that the muscular system has been abused, and at once take steps toward rectifying the damage already done."—Good Housekeeping.

News of Fashion.
Many of the autumn silks have a faint mottled ground figured with small brilliant Persian designs. The silk waist, as a set-off and complement of a separate skirt of some handsome description, has taken an older lease of life. Most of the new tuckered evening gowns of gauzy material have rows of handsome lace insertion between, and this forms an exceedingly pretty addition. With many of the new velvet boleros and jacket-bodices will be worn heavy broad collars of Venice point, point a la pique, or of very sheer batiste embroidered in quaint and beautiful Flemish or Renaissance patterns. Fawn colors, silver gray, and soft blue grays, with a touch of cream in them, appear among the fall fashions. Lists of some of the most beautiful fabrics, liberty satins, lustrous corded silks, mohairs, alpines and sheer silk-warp wools.—Chicago Record.

THE GREAT REGISTER.
The last figures obtained from the recorder (and there will be but few additions) give the number of voters in the several precincts as follows: Globe, 771; Grapevine, 82; Tonto, 51; Rye, 27; Payson, 90; Pine, 41; San Carlos, 16; Pleasant Valley, 32. Total registration, 1107.

CHILD'S AID ASSOCIATION.

OBJECTS OF THE ASSOCIATION.
Section 1. To unite fraternally all acceptable white children, either male or female, of every honorable profession, business or occupation, who are of sound bodily health, or good moral character and of temperate habits, from the ages of six years to sixteen years in the First Class, and from sixteen years to twenty years in the Second Class.

Sec. 2. To give all moral and mutual aid in its power to its members; encouraging each other in business, etc.
Sec. 3. To establish a Benefit Fund, to be paid to the beneficiaries of the insured according to the terms of the policy.

Article 2—Sec. 1: This organization shall be known as the Child's Aid Association of Arizona, and its principal place of business is at Phoenix, Arizona. Incorporated under the laws of the Territory of Arizona, April 24th, A. D. 1894.

Two Lives Saved.
Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption, and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thomas Eggers, 136 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is the result, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at H. C. Hitchcock's drug store. Regular size, 50c and \$1.

The Tyranny of the Desk.

We will suppose that your occupation is sedentary—that you are chained, so to speak, to the desk in some counting house, or perhaps to the loom in some vast mill where you are compelled to labor from morning till night. Sunday is your only day of relaxation. You return home every evening wearied mentally and bodily. Your health and strength begin to fail. What will most effectively recuperate your vital energy? The weight of evidence points to no other conclusion than that **Hostetter's Stomach Bitters** is your safest, most reliable sheet anchor. Use it persistently, and your system will soon regain its pristine vigor. Every function will receive a healthful impulse. There is no remedy to equal the Bitters for nervousness and want of sleep, dyspepsia, constipation and biliousness. It averts and remedies all forms of malarial disease, and is a preventive of rheumatism and neuralgia.

There is one remedy which every family should be provided with. We refer to **Chamberlain's Pain Balm**. When it is kept at hand the severe pain of a burn or scald may be promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third the time otherwise required. Cuts and bruises should receive immediate attention, before the parts become swollen, and when **Chamberlain's Pain Balm** is applied it will heal them without matter being formed, and without leaving a scar. A sore throat may be cured in one night. A piece of flannel dampened with this liniment and bound over the seat of pain, will cure lame back or pain in the side or chest in twenty-four hours. It is the most valuable, however, for rheumatism. Persons afflicted with this disease will be delighted with the prompt relief from pain which it affords, and it can be depended upon to effect a complete cure. For sale by **H. C. Hitchcock, druggist**.
